The school year is winding down. We have completed our State-wide testing session. The teachers and students worked extremely hard getting ready for the 5th Grade CMT Science test and the Smarter Balanced Test.

Please make sure the students come to school prepared for the day. We have had many students entering late this past month. The students still need to continue to do their very best at all times. Although the year is almost over we need the students to be on time to stay on track with their academics.

We have accomplished so many things this year. We gave to WHEAT, the Toy Closet at Yale New Haven Hospital, and collected for Juvenile Diabetes - just to name a few.

Our PTA has provided us with many excellent programs to foster a positive school climate and held many fundraisers throughout the year to supplement our field trips. We thank them for all of their hard work.

There are many activities that happen during the time we have off that are relaxing and enjoyable. All students should continue to read daily and review math concepts throughout the summer so that they will be prepared for the upcoming school year. It is always best to start a new school year prepared and ready to go.

We will miss our students who are going on to other schools, welcome our new entries, and look forward to another great year with our returning students.

Mrs. Shirden, Mr. Weber, and I wish you all a very happy, healthy, and safe summer.

Mr. Frank J. Paolino, Principal
